

RACKMAN SUPRA BINS

Strong, lightweight and durable, Rackman Australia's Supra Bins are a versatile plastic storage system ideal for easy picking and clear stock control.

Constructed from tough and durable polypropylene, these bins are oil and solvent resistant ensuring a clean and hygienic finish and features:

- Easy integration with shelves and louvered panel systems on both mobile and free-standing units
- A range of sizes to accommodate for various parts dimensions and quantities
- A choice of internal dividers that enables effective storage of a wide range of components
- Bright colours to assist with segregating categories
